PROCEDURE AND CRITERIA FOR DECLARATION OF KSET RESULT:

(Revised Qualifying criteria for UGC-NET to be implemented for SET vide letter No. F.4-2/90(NET), dated 14th August, 2018, is final and binding).

This will comprise the following steps for considering a candidate for the eligibility for Assistant Professors.

The candidates are required to obtain minimum marks in aggregate of all two papers i.e. Paper – I & Paper – II for eligibility for Assistant Professor as given below:

CATEGORY	MINIMUM MARKS (%) TO BE OBTAINED	
	PAPER - I	PAPER - II
GENERAL [GM]	40% Aggregate marks in all the two papers taken together	
SC / ST/ CAT-I / II A/ II B / III A / III B / PWD	35% Aggregate marks in all the two papers taken together	

Step 1: The number of candidates to be qualified (total slots) for Eligibility for Assistant Professors shall be equal to 6% of the candidates appeared in both the papers (Paper I and Paper II) of KSET.

Step 2: The total slots arrived, amongst those candidates who have appeared in two papers and cleared step I, a merit list will be prepared subject-wise and category – wise using the aggregate marks of all the two papers secured by such candidates.

In order to be considered for ‘Eligibility for Assistant Professor’, the candidate must have appeared in both the papers and secured at least 40% aggregate marks taken together for General (Unreserved) category candidates and at least 35% aggregate marks taken together for all candidates belonging to the reserved categories (viz., Cat-I, IIA, IIB, IIIA, IIIB, SC, ST, PWD) (belonging to Non-Creamy Layer). The merit list will be prepared based on the marks earned by the candidates. Prepare slots according to the UGC formula. The assistant professor's qualification result will be published in compliance with the state government's reservation policy.

The method of disclosure of the result shall be in accordance with the rules of the KSET, the relation of which is final to the KSET decision.

Step 3:

According to UGC’s directive, 6% of the appearing candidates are to be declared qualified for Eligibility for Assistant Professor only [Appearing means appeared in all two papers of SET]. The reservation policy prevalent in the State is to be used to compute the category-wise qualifying slots available for eligibility for Assistant Professor.

The subject-wise and category-wise distribution of qualifying slots will be calculated by using the formula mentioned below:

$$\text{No. of Slots in a subject For General (Unreserved) Candidates} = \frac{\text{No. of General (UR) candidates who have Secured 40\% or more marks in aggregate in the subject}}{\text{Total No. of General (UR) candidate who have Secured 40\% or more marks in Aggregate over all subjects}} \times \text{Total No. of slots available under General (UR) category}$$
